

Process Paper

A process paper is a description of no more than 500 words explaining how you conducted your research and created and developed your entry. You must conclude your description with an explanation of the relationship of your topic to the contest theme.

A title page is required as the first page of written material in every category. Your title page must include only the title of your entry, your name(s) and the contest division and category in which you are entered. *Do not include your age, grade or school name.*

The first section should explain how you chose your topic.
The second section should explain how you conducted your research.
The third section should explain how you selected your presentation category and created your project.
The fourth section should explain how your project relates to the NHD theme.

Note: The title page, process paper, and bibliography are considered as being *separate from the exhibit* and do not count towards the 500-word limit for the exhibit itself.
